Guidelines for RGA Pennants

1. Each club is to enter three teams of five players into the RGA Pennant Competition.
2. Each club plays the other three clubs on two occasions.
3. All teams play at the one course. This means that two teams will have a home and an away game against each other but that the other two teams will play their second game on a neutral course. This inequity is to be balanced over the next season.
4. Teams must always be selected in exact GA handicap order (a player on 7.6 must be picked in a team before a player on 7.7). Once the teams have been established in correct order the playing order within the team is determined by the captain.
5. Teams must be written into scorebooks by captains and books exchanged before teams are written up for public viewing. Captains to enter results and sign off on result sheets. HOST club representative is responsible for forwarding the result sheets to Greg Morrison (Email: gimorrison19@gmail.com) by the Tuesday following the match.
6. During the minor round the honour for hitting off on the first tee is decided by a toss of the coin. The honour is then decided by the winner of the previous hole
7. All matches are to be played out. (i.e: no halves)
8. Matches are to be played in groups of four (**For Round One** :a Loxton vs a Berri and a Waikerie player vs a Barmera player in each group.-) In all grades the four number ones play together, as do the number twos etc, The A grade-hit off Tee 1, B grade –use tee Tee 10, C grade can be split over Tees 1 and 10 or an alternative at the host club's discretion.
9. Matches in grand finals will revert to pairs.

Finals

10. The top two teams for each grade at the end of the minor round go straight into the Grand Final.
11. **Eligibility for Finals:** A player must play two of the four minor round games to qualify to play in the finals. No exceptions.
12. Each club that qualifies for a final must submit their playing list **for all grades** in exact handicap order to the RGA officer responsible for pennants (G Morrison) at least two days prior to the final. The actual handicaps must appear on this list.
13. In finals the team finishing higher in the minor round will be accorded the honour on the first hole played.

SUMMER PROGRAM – LADIES’ WEEKDAY

An informal eighteen-hole Stableford ladies’ summer competition is conducted each Thursday. The competitions may begin from 7.00am. (depending on temperature, and considering UV factor). All information regarding these times will be conveyed via the captain

Informal nine-hole summer handicaps will be negotiated

Players must be aware of W.G.S.A.’s Sunsmart Policy in relation to playing outdoors, and particularly in the summer season.

SOME THOUGHTS ON ELIMINATING SLOW PLAY

1. Each player walks directly to or adjacent to his or her ball at all times and waits there for the player farthest from the hole to play their shot.
2. That this time is used to assess his or her own shot.
3. We ask you all to get into the habit of playing this way, and if you see anybody NOT playing this way, this is why you are having a slow round.
4. Not being ready on time. Select club and ball while others are having their shots.
5. Delays on tees or greens while marking the card: always mark the card while awaiting your turn at the tee.
6. Players wait with others on the tee until all have played their shot, then walk to their own ball. Walk directly to your own ball, or level with same, and select club to be used while waiting for others to play their own shots.
7. Unnecessary number of practice swings: it is agreed that all players have their preference in this matter, but practice swings should be limited by discretion.
8. Delays in locating lost balls: if after a reasonable period, it is apparent that you are holding up play, call next group through. (Greater than 5 minutes) ball must be declared lost).
9. On the putting green unnecessary marking of balls and players not continuing to putt out: on reading the green and your ball: study the line of your putt immediately. When it is your turn to putt, try wherever possible to putt right out. Marking the ball is sometimes unnecessary, but not always, and should be avoided.
10. Players not using the time on the green while waiting their turn to assess their own putt: whenever possible a player should have assessed his or her putt for direction and speed while the other players are putting, providing in doing so, no interference is caused to the other players.
11. The flag does not need to be attended at all times as you can now putt with the flag in the hole.
12. Leaving buggies around the green on the wrong side of the tee; always place your buggy adjacent to the approach to the next tee.
